Time

To Start The Year

With another tumultuous year behind us, it's time to begin this year with hope. Hope that we can raise up the Husky spirit that has laid dormant these past two years. In times like these we look to new student leaders, to teachers and to our community to help us emerge from the pandemic a stronger, more vibrant Husky Nation.

- Ms. Virts, Editor

But what is time?

Time is like...

"a carousel it never stops moving" (Phoebe Frantz, 9)

"a bowl of strawberries, till you put whipped cream on it, then it's a bowl of strawberries and whipped cream."

(William Dolchan, 11)

"Hope and worry, memory and progress, yesterday, today, and tomorrow." (Samantha Mager, 11)

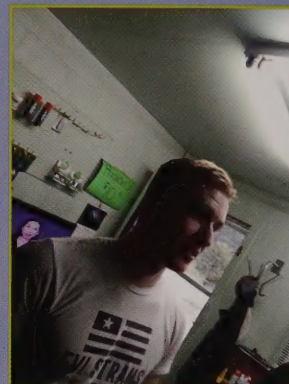

"It's what it is. Never let a clock tell you what you've got time for, it only goes around and around and around.... "

(Aaliyah Legeer, 12)

SUMMER ADVENTURE TIME

Summer fun can lead to all sorts of learning experiences and adventure. All NHS students have their own memorable and life changing stories.

[Right] Logan Wilburn (12) began his summer with the life changing choice to finally cut his 'Covid' locks down and start vacation with a fresh look.

Three friends, Murrell McKenzie (9), Luke Kostovick (9), and Trenton Harrison (9), went for an epic bike ride this summer from the Eastern Continental Divide to Cumberland, Maryland. We asked one of the riders for more details on the trip.

"We did a 50-mile bike ride on the Great Allegheny Passage from Deal, PA to Cumberland, MD, then onto the C&O Canal Trail to below Old town."

— Murrell McKenzie, Freshman

50-Mile Bike Ride

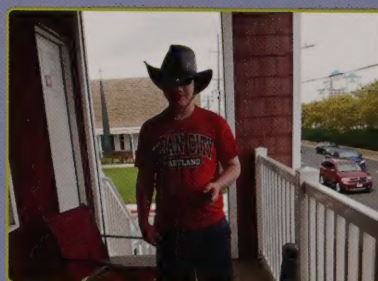

Brenna Ross (12) went to Kennywood with some friends including Abby Weimer (12), Ethan Sebold (11), and Tyler Yoder (12). She said, "Abby might look happy now, but she was freaking out 0.2 seconds after that picture was taken."

Of his experiences at The Wizarding World of Harry Potter in Orlando, FL, Ethan Sebold (11) said, "I found my twin at Hogwarts."

The Cave of Bones located on the GAP trail sounds scary but not for Christopher Glatfelly (12) and Logan Wilburn (12). "Prehistoric animal bones were found here" they said.

[Below] Logan Wilburn (12) inside the cave.

Webster Fazenbaker (9) visited Ocean City, MD for his family vacation. When asked about his favorite part of the vacation, he said he enjoyed buying souvenirs.

Trekking through Florida:

Madison House (10) and Samara Goebel (10) visited Universal Studios over the summer, including The Wizarding World of Harry Potter and Gator World.

Natasha Slagle (10) is seen here with the mahi-mahi she caught while deep sea fishing at Ocean City, Maryland.

Cousins Alyssa Sweitzer (9), Destanie Fazenbaker (11) and Morgan Sweitzer (10) showing off the castle view on their trip to The Magic Kingdom in Orlando, FL.

Xavier House (9) spent his vacation racing go carts at Mountain Top Speedway. Pictured are some of his first place wins. He was the leader in points in the Jr. Cage 2 class, winning the season! At the end of the season the leader in points gets a cash reward! Way to go Xavier!!!

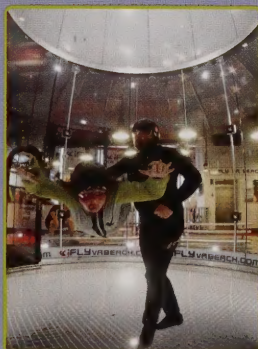

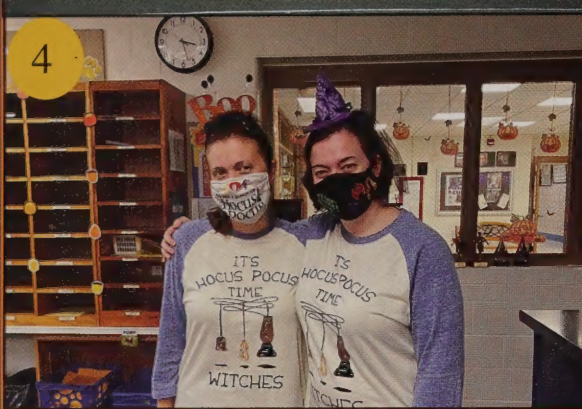

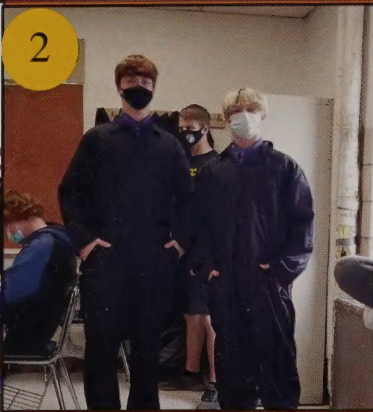

Kadin Beachy (10) went to Maine this summer. She said it was, "A very adventurous trip that I'll never forget. Sometimes the smaller things matter most."

[As seen left with Arianna Koontz (10) and right on the coast of Maine.]

Madison House (10) visited Virginia Beach this summer. She said, "It was eventful and exciting." Madison was adventurous enough to try sky diving. Of that experience she said, "It was a blast."

The year began with both a sense of excitement and a sense of uncertainty. With Covid protocols in place, school and extra-curricular activities commenced. Sports teams began to practice and excel on the fields and courts, classes utilized the option of the outdoor classroom and we celebrated Homecoming with a spirit week, football game and eventually a dance. With the uncertainty of Covid, could we shut down again? Many groups pushed full steam ahead to make sure students received opportunities to participate as much as possible. Students were able to walk, ride and march in the Autumn Glory Parade (despite the rain). Athletes pushed themselves to the limits as they had the first full Fall season in two years! It was a fall where time was not taken for granted.

HUSKY HOMECOMING

Husky spirit has always been an important part of our school and its reputation. Without the cheerleaders and the beloved spirit week here at Northern, our Husky spirits just would not be the same! During our spirit week we had dress up days including dress as your favorite teacher, and your favorite era. The school halls are decorated and everyone dons their blue and gold to support our teams! Even though Covid had been a setback for many people, creating less school spirit, now our Huskies are showing their spirit is even stronger than before.

FIGHTING TOWARDS THE FINISH LINE...

At Northern the student body is in full swing of school spirit and showing their pride. This comes in handy to rile up the crowd during the Homecoming game on September 17th. The game was a success as the varsity team dominated Clear Spring with a win of 48 to 8! So many look forward to this game in the beginning of the school year, as we start off a new chapter after a long, drawn out quarantine.

BRINGING BACK HUSKY SPIRIT...

IMPROVING HUSKY PRIDE...

Covid-19 has affected our daily lives, but by changing our routines, we are finally getting back in the swing of things! Many students have returned to school looking forward to improving their grades, finding new friends or finding new hobbies. Luckily, Northern High has the ideas and help we need to bring back the spirit just how it used to be with the creativity and guidance of Student Council.

SEPTEMBER

Fall Sports in Full Swing

With a much easier start to the year, NHS athletes were happy to begin their 2021 fall sports season. The Golf team has the earliest start to their season, having a match the first week back at school. All teams hit the ground running in September, with some matches and games cancelled and rescheduled due to Covid quarantines at various schools. The season looked bright though, and each team took precautions to stay healthy and safe, masking off the field and making smart choices.

How to Celebrate All Hallow's Eve

What's the best way to celebrate Halloween? When Halloween occurs many celebrate this holiday through dressing up in a costume or watching thrillers. We wanted to see how the student body celebrated this Halloween. We polled students and asked them what their favorite movie is on Halloween and if they dressed up. In our poll we found that 39 people had dressed up and 107 people did not. This shows that most of our students here at school watched Halloween movies, but did not dress up. In our poll asking, "Did you watch any scary or Halloween themed movies during Halloween weekend?" 65% said yes, while 34% said no, but responses were very limited with only 23 responses. The biggest lead for a good scary movie was six people watching the *Halloween* series. The runner up was *Hocus Pocus* with four viewers. When asked, Junior Abby Lamble replied "My favorite Halloween movie is the *Halloween* Movie Series". So if you are looking for a good scare, check out John Carpenter's classic series.

Relishing the Moment of a Successful Season

With 11 underclassmen and only 5 upperclassmen, the squad found itself as the youngest in the area. The team started with six freshmen, two sophomores and only one junior and two seniors. With the team's lack of success in recent years, and such a young team, many in the area had low expectations for this year's squad. As the season unfolded, however, it became apparent that the team did not buy into these low expectations. The Lady Huskies finished the regular season with a remarkable 10 - 3 record, clinching the 2nd seed heading into the Maryland 1A West Region I playoffs.

Break

This year's fall production was full of chaos with actors unfortunately getting sick causing last-minute replacements and an effort to master a challenging script.

Morgan Sweltzer (10) and Serenity Bunner (9) acted as Elvira and Dr. Bradman, having the challenge of learning a lead and supporting role.

Madison Humphrey (10) got her lead role one day before the play opened, covering for Samantha Mager (11) and sharing the role of Ruth.

Savannah Garlitz (11) and Shelby Mark (10) played the supporting roles of Mrs. Bradman and Edith.

As for Kiara Perando (9), she picked up the role of Madame Acarti a couple days before the play opened.

Avery Sevigny (11) was the lead role of Charles and was able to be memorized, helping to drive the humor and energy of the show.

Q

WHAT WAS THE MOST DIFFICULT PART OF THE SÉANCE SCENE?

"Either the table or Madame Acarti falling," said Avery Sevigny (11), one of the leads in the play. Actors had to shake the table as if a ghost were moving it, and then an actor had to collapse. It was quite a challenging scene.

Success is Sweet

On October 25th 2021, the Northern Garrett High School students had the pleasure of seeing the Northern High Thespian production of "Blithe Spirit", in the NHS Cafetorium. The cast included Avery Sevigny (11), Samantha Mager (11), Savannah Garlitz (11), Morgan Sweltzer (10), Serenity Bunner (9), Kiara Perando (9), Madison Humphrey (10), and Shelby Mark (10). The play was also performed on October 22nd, 23rd and 25th at Northern's Cafetorium at 7PM.

We asked the director, how she felt the students did in their roles? "I feel they did really well, especially for those that got their rolls last minute", said director and Theatre teacher Jennifer Virts. Speaking on the difficulty of putting together this production Ms. Virts said, "Originally, we were going to do another production of a British comedy, but the one we chose was more appropriate for school."

We also asked a student, how they enjoyed the play? "I felt it brought a lot of real meaning to the world, it was overall a good play," Jalyann Sherbin (11).

JROTC's Veteran's Day Celebration

The JROTC class had a Veteran's Day Celebration at school on Thursday November 11th, to celebrate Veterans at our school. This ceremony included veterans from around the community and a flag retirement ceremony. A trail was also dedicated to alumni Danny Nicklow who perished serving his country.

Cadets below held the colors high and participated in the flag ceremony. Pictured above and bottom left are our veterans that we honored. Thank you for your service!

Tribute to Mr. Moranduzzo

More Than a Coach

Lasting Impact on NHS

Coach Bob Moranduzzo was taken from us far too soon after a battle with pancreatic cancer in December, and putting into words what he meant to our staff and school is difficult. Our Vice principal, Dr. Harman, had this fitting tribute for Bob:

"I had the pleasure of working with you at NHS, through my time at the Central Office, and then when I returned to NHS. I can often hear your voice saying "Hey, Boss..." Your quiet, constant support of students and staff was no secret although your humble demeanor almost made it one. However, it was at your memorial service that I realized the power and breadth of your influence...Your legacy lives on at NHS in the many lives you impacted."

Thoughts on what Duzzo meant to NHS...

Duzzo with Coach Kamp and Jacob Brenneman (11)

"Bob's door was always open. He was definitely the unofficial school counselor and would help anyone in need."

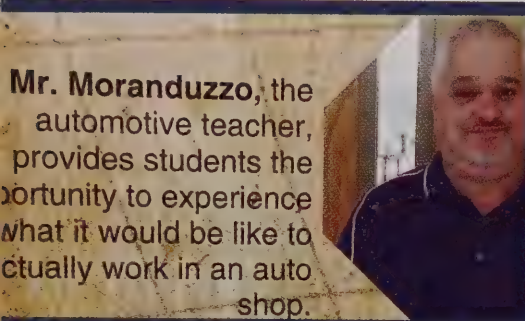

W.S. Vos

Over the years

Duzzo, as he was affectionately known by most, was constantly going to NHS teaching, coaching, and serving as a beacon for students that needed a guiding light. A perfect picture of his humor can be seen left, pinning a student. Mr. Moranduzzo made lasting connections with his students and made sure they knew he was there when they needed him. A kind heart and a warm smile. Duzzo's impact on our community is lasting.

A rare pic of Coach Duzzo in the shop.

Mr. Moranduzzo, the automotive teacher, provides students the opportunity to experience what it would be like to actually work in an auto shop.

Favorite quotes we found from Coach Duzzo in yearbooks past.

Mr. Moranduzzo's favorite part about teaching Auto is "watching the students advance in the class, that they learned from the Auto I class to the Auto III class."

Mr. Moranduzzo, Auto I teacher

Coach Moranduzzo

Bob Moranduzzo coached wrestling and football at NHS for many years, impacting the lives of countless young men participating in these sports. Providing guidance and encouragement, Coach Duzzo set the example for how these students should act on an off the field or mat.

Mr. Kirchner, who worked closely with Mr. Moranduzzo for many years in the CTE wing, shared pictures from their electric car project (seen left). In 2007 they took their project to competition in Raleigh, North Carolina. They came away with 4 trophies including Rookie of the Year, Auto Cross, Vehicle Design and Range. This project car still remains in the NHS shop classroom today, a proud reminder of Mr. Moranduzzo's willingness to provide unique opportunities for his students.

Grooming the Next Gen.

In this particular play, cast members came from the elementary, middle and high schools on the northern end of our county, and included NHS alumni. The high school and alumni students helped to keep the younger actors focused and quiet during rehearsals and the show. The Cratchit family, seen right, consisted of Serenity Bunner (9), Rachel Mager (8), Zach Fogel, Mazzy Morel, Aurora Wakefield, Emmalynn Dewitt, Jillian Ward, and Kinsley Virts (2)

Scrooge is visited by three very different ghost throughout the play. (Top) The Ghost of Christmas Past, Regan Beachy (7) leads alumni TJ Kelly to his hometown. The Ghost of Christmas Present, Saral Hamilton (8), explains to Scrooge the troubles of Tiny Tim. The Ghost of Christmas Yet to Come Madison Humphrey (11) helps Scrooge to see what the world will be like without him

Members of the NHS Chorus (below) provided some additional musical entertainment before the show.

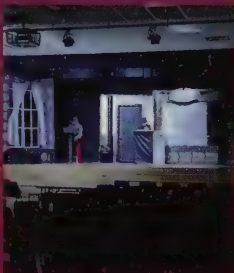

Three Ghosts And More

Avery Sevigny (11) shares a dramatic moment with middle school cast member Ainsley McHenry-Sorber.

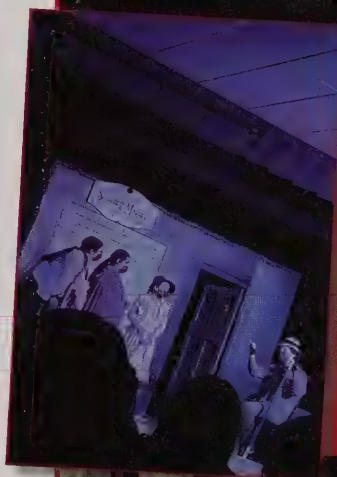

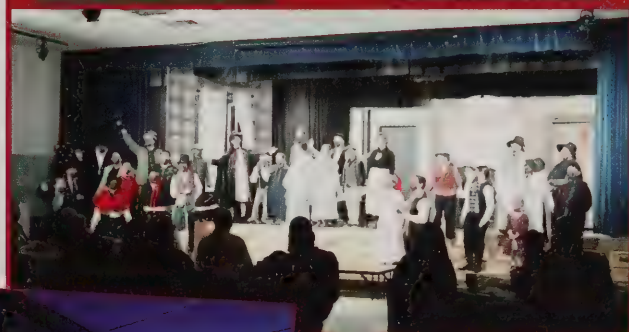

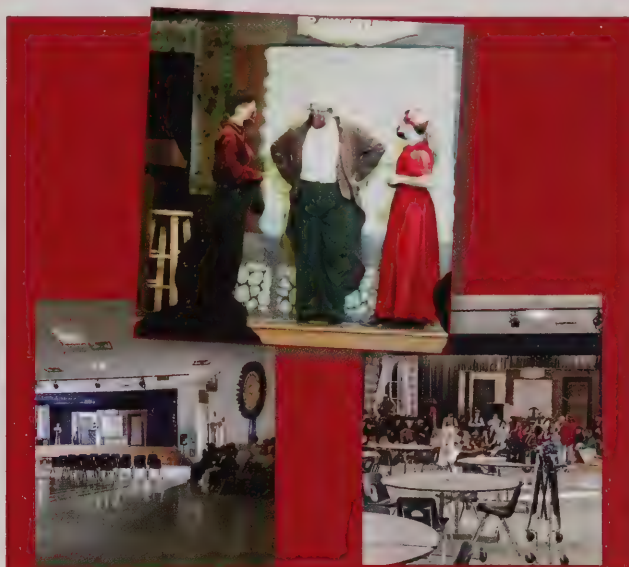

The cold nature of Scrooge could be felt from the start, as he sits in his counting house with his employee Bob Cratchit.

Scrooge has to hear the disparaging remarks from his family, played by Avery Sevigny (11), Chellcee Beitzel (11), and Alessandra Schmidt (10).

GHOSTS COME TO VISIT

An important part of the magic of *A Christmas Carol* is the visit of four very unique ghosts. Above is Marley, played by Samantha Mager (11). Samantha worked with her mother to create a unique look for the character including chains that rattled and metal boxes show the weight of her bad deeds.

"It was a really unique experience working with actors from Pre-K all the way through college in one production. I was so proud of how the older actors helped the younger actors throughout the production process. By the end, it was like a little family."

"At the start of the season we set several goals for the season. We achieved almost all of the goals we set for ourselves, so from that perspective I feel it was a successful season. For me personally, I wanted to have a winning season. We came up just a little short, but the way we played down the stretch, especially in the last four games, showed me that as far as I was concerned it was a successful season regardless of the final record. Hopefully that is something we can use to build on for next season." - Coach Ron Opel

HOOPING HUSKIES!

"I'm excited for this year's season. I didn't have my sophomore and junior year because of the pandemic. We have a great group of girls and I'm ready to play." - Kylee Barnes (12)

"The total number of players on each team was very small this season. JV had a total of 6 players, and many of their games were played with only 5 players. Most JV players were new to basketball, so it took some time to learn the game. But they showed so much heart and drive to get better. And better is what the whole team got as the season progressed. In JV's first game against Fort Hill, they lost 47-11. The last game of the season against Fort Hill they won 27-20. They showed so much growth Offensively and Defensively.

Varsity had a total of 7 players. 1 Senior, 1 Junior, 1 Sophomore and 4 Freshmen. So we were very young and it showed at the beginning of the season. As the season progressed, the girls showed great strength and determination to do their best. The season had lots of ups and downs. We defeated Mt. Ridge for the first time in many years. We had bad games against some teams we should have beaten. But overall the season was a good one." -Coach, Alisa Miler

Notes for Coach Beeman
Due to Covid, there was not a State tournament for Unified Bocce, however, our Bocce team finished up 5th in the Regional Tournament!! Our student athletes had a great season playing the sport of Bocce and bonding with one another which promoted self-confidence, leadership skills, and good physical health. We can't wait for our next great season!

Whatcha Watching?

We asked students- What is your favorite TV show?

"I enjoy watching *Cells at Work*. It's one of my favorites. I probably watched it a million times."

- Kylea Beitzel, 12

"Mine would have to be *Criminal Minds*. I watched all 15 seasons in less than a year."

- Sara Huelskamp, 12

"I like watching *The Witcher*. I enjoy it because it is in the medieval times and has a lot of action."

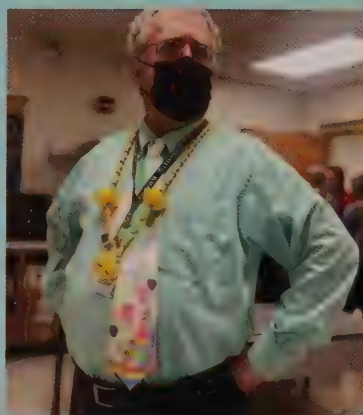

- Zane Snyder, 12

"My favorite is *The Office*. I'm actually wearing that shirt today!"

- Arianna Koontz, 10

Staff's Favorite

"I would say my favorite movie is *Shawshank Redemption*. It has a better ending than every movie ever."
- Mr. Price

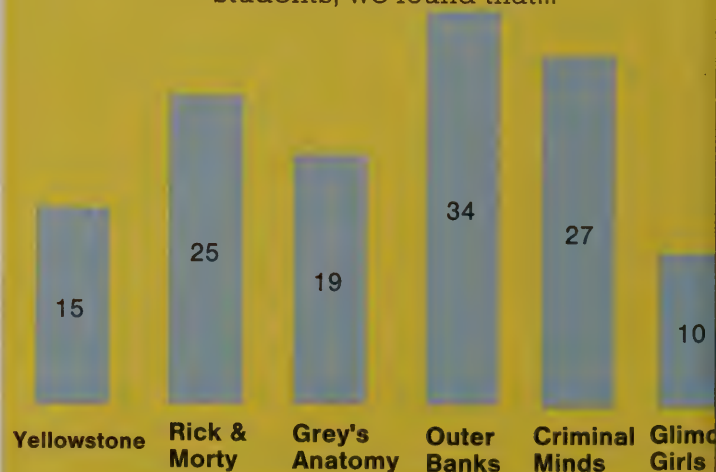

Mr. Nichols' all time favorite movie is *The Town*.

Ms. Mills' most beloved movie is *Fried Green Tomatoes*.

Binge-Watching Time

Pictured right, Sophia Rankin, 10

I would have to say that my comfort/favorite book is "*The Song of Achilles*" by Madeline Miller. It is the perfect mix of love, myth and poetry. The way she writes is just so comforting to me. I'm a sucker for Greek myths as well, so it's like the perfect book for me."

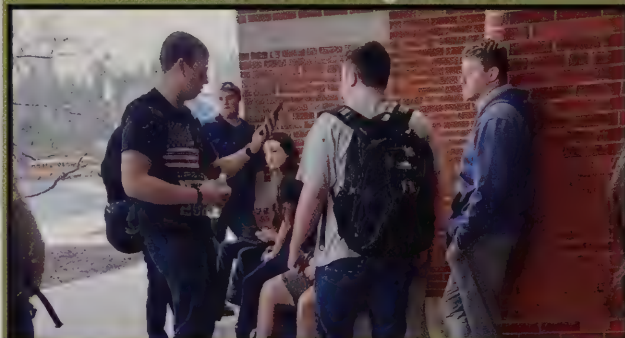

Why We Walked Out!

Apart of the Crowd

Student protesters stepped outside for various reasons. Brennan Ashley (11) said he went out "because everyone else did it." While Lydia

Rosenberger (9) stated - "I don't want masks. They are annoying and make my face break out." Seniors Coby McKenzie and Scol Bowman questioned whether masks had ever done any good. According to the CDC, masks and vaccines are the number one protections we have to combating the virus.

Pictured above is protest leader Darrin Yoder, 12. Pictured below is Piper Wilt, 11, conversing with other protesters and reporter Kacey Savage, 11.

Students Stand Against Mask Mandate

It was thought to be a normal school day as of any other day but around 9 am on February 22, students started making their way outside the main lobby to protest the mask situation. By second period, approximately 31 students from grades 9th-12th, had joined in on the protest at the entrance to NHS in an effort to raise awareness regarding the current mask mandate. Students at NHS have been wearing masks to school, along with all other Maryland Public School students, since the fall of 2020.

Call from the governor to lift mask mandates, along with state and local boards of education voting on mask mandates, students saw an opportunity and organized the protest through Snapchat. "I chose to protest because I, along with a large majority of people, am tired of wearing masks in school even though the mandates are lifted. I think the protest went pretty well even though our numbers were small because we got the attention of the board of education which was the whole point of the walkout." - Darrin Yoder, 12, Protest Organizer.

Another one of the first students to protest was Piper Wilt, junior, remarking, "I wanted to be able to see the end of the masks because I miss seeing people's faces. I figured that if only a few people showed up for it, that was probably better than nothing." By third period nearly fifty students had joined the protest. Food, including pizzas, was ordered by protesters but later taken away by administration. Pictured above are the students that remained by the end of the protest.

What was it like being back in a virtual world?

Did it feel like you were back in a virtual world? Did you miss the virtual world?

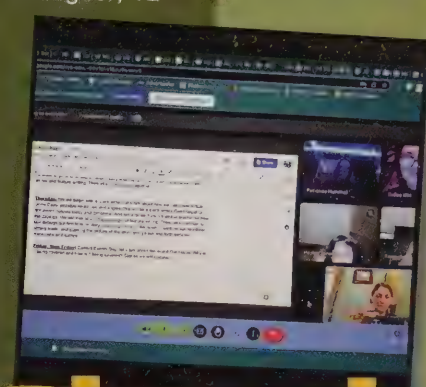

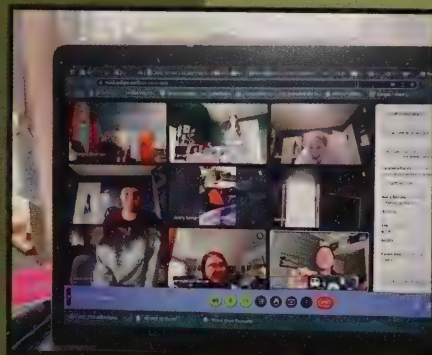

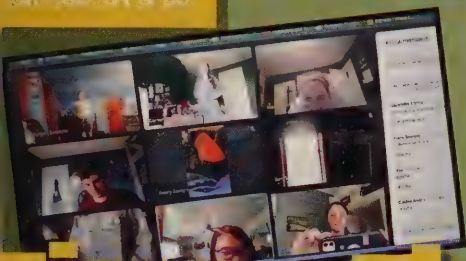

"Virtual sucked, I played hill climb racing half the time. I don't like virtual learning." Carl Zimmerman 11

We asked students & staff how it went

"It was an interesting platform to try to teach and play piano online! We did have a lot of fun playing around with music writing software and a unique opportunity to share new music ideas with each other. We probably wouldn't have done that in person, so it was fun to mix it up!" Miss. Green

"It felt strange, but I kind of like it since this time I have a fresh start and won't sleep during class." Aaliyah Blackmon Legeer, 12

"I'd say it's familiar because of 10th grade but it's also fun cause I can stay with my friends and still do school!" Kylea Beitzel, 12

Times They Are A Changin'

Masking Up? You Choose!

On February 25, 2022, the students had a day of online learning and a varsity basketball playoff game later that evening. The students were on edge about the news of the mask mandate hopefully being lifted. The board had a meeting about the topic of options mask wearing in school. Approximately an hour before the playoff game, the news was sent out that there would be optional mask-wearing, or not, in the public schools of Garrett county. The board-approved mask mandate lift will go into effect on March 1, 2022. Though approximately 10% of students/teachers polled said they would be masking, many students were happy about this news and say they love to see the masks being lifted.

Students went into our first day without masks this year with mixed emotions. When asked what it was like being back with masks optional, students from Ms. Virts's Creative Writing class had this to say:

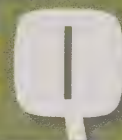

"I am fully expecting for the numbers of covid exposures to skyrocket, and I would not be surprised if we have to go back to virtual schooling because of it." Adreanna Merrill

"I can connect better with people. It feels like freedom, and healing, like maybe the world is just a little bit better now..."- Samantha Mager

"Being unmasked feels like old times, the familiarity is both comforting and frightening considering how much we have endured during the pandemic."- Mckenna Cady

To Mask or Not to Mask

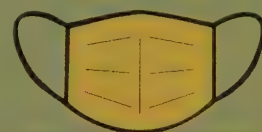

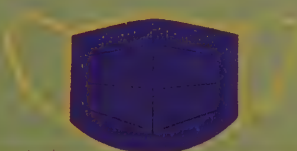

We asked students how they felt about the mask mandate lift. Will you be wearing a mask tomorrow?

A

"Depends on if I have time to put makeup on."

"Depends on class, some of my teachers still require masks."

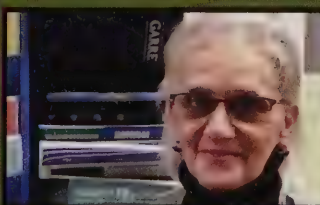

Staff Thoughts

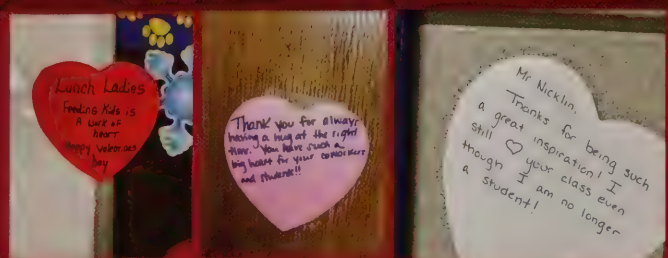

We asked staff the same question- Will you be wearing a mask after the mandate lifts?

"If anyone is not comfortable with me being unmasked, I will wear one when around them"- Mr. Maddy, Principal

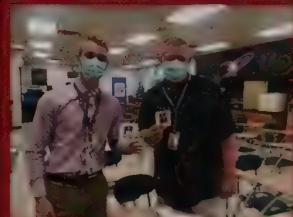

"No I probably will not be. I might actually be able to wear lipstick again."- Ms. Ahern, Guidance

Students of NHS made heart notes with nice notes on them and taped them to the teachers doors and walls. These notes spread positivity and happiness all over the halls of NHS.

Ms. Shleeman and Dr. Harman stop to share a laugh and take a picture when they found each other having the match to their Valentine's Day couple cards.

We asked students if they celebrated Valentine's Day this year. Out of the 56 students that replied, we found that...

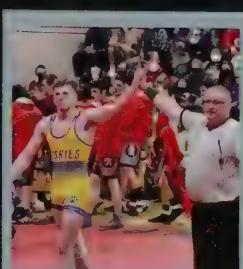

We asked Jacob Brenneman (111) how it felt winning at states for the first time.

We asked Nate Wilhelm (9), how he felt placing 2nd at states.

"I was upset but at the same time I was happy because I made it further into states than anyone in my family. I got a lot of hard work to still do, but plan on placing first next year."

We asked Scott Beitzel how it felt winning 6th place at states.

"It felt like a relief to place in states knowing that I've worked all season to be where I was and that all the work that I put in throughout the season paid off."

Pin And Win!

EVERY MOVE MATTERS

The NHS wrestling team has had a very good run this year, from winning 14-0 in their regular season to having 3 boys place at states. The boys worked hard and were able to have a very successful season. Jacob Brenneman, junior, won his third consecutive State Title. Brenneman is very devoted and passionate about the sport, you can see his determination and fire before every match. He finished the season with a 46 and 0 win-loss record, "Arguably completed the most impressive season in Northern High School History with that victory total." - Northern Garrett Wrestling. Nate Wilhelm, sophomore, is also very determined and passionate about the sport. Nate has worked very hard to improve this season, placing second at states finishing his sophomore campaign. Northern Garrett Wrestling says "This young man has worked so hard the last two years to improve more in the brief time at an elite level than I have ever witnessed." -Northern Garrett Wrestling Scott Beitzel, junior, also placed 6th in the State Tournament in his third season of wrestling. Scott has put in a lot of hard work this season at each match and every practice. Jamison Warnick, senior, also got a win at the State Tournament. Though Warnick did not place at states, he had a very good run this year and showed just how committed one can be to a sport. Warnick "Will be missed by the Huskie Squad next year."

TEAM SPOTLIGHT

A WORD WITH THE COACH

"The 21-22 season was a ton of fun! Having the first undefeated duel season for 20+ years was a goal the entire team had in mind. We had a bittersweet ending finishing 2nd in state. We are still very hungry as a team and look to win a team state title next season." - Casey Kamp

The above seniors worked for years with Mr. Trautwein and several robotics teams in the county throughout their years in GCPS. Their hard work paid off when they ended their senior year visiting the Houston Space Center and attending FIRST Robotics World Championship and winning the Chairman's Award. We are so proud of these students and their dedication to this important organization that provides outreach to students throughout our county.

The Man Who Started It All

FIRST (For Inspiration and Recognition of Science and Technology) Robotics works towards the following goal: "To transform our culture by creating a world where science and technology are celebrated and where young people dream of becoming science and technology leaders." Chuck Trautwein, the leader of GaCo FIRST Robotics has worked tirelessly for years building this program that benefits the entire county through outreach programs with students at all levels of GCPS.

His years of hard work paid off this year with a huge win at Worlds! Thank you Mr. Trautwein for all you do for our students!

GaCo Team 1629 Wins Chairman's Award at FIRST Robotics World Championship! The Garrett County Public Schools' robotics "Team 1629 Garrett County Coalition – GaCo" earned the opportunity to compete at the FIRST World Robotics Championship after excelling in the National Championship two weeks prior. The team traveled to Houston, Texas to compete against the best teams from all around the world. They went 5-5 in qualification matches at this level and finished 34th out of 76 teams. However, the team's major accomplishment was capturing the 2022 Chairman's Award.

Time for New Beginnings...

After the last snow fall in March, which included our first virtual snow days ever, the ground thawed and life came back to campus. Field trips are in full swing and spring sports are on a roll. Life is also beginning to sprout in the NHS greenhouse.

Freshmen Connor Clary and Keirsten Sisler dig into the dirt to plant more for the annual FFA spring plant sale. The sophomore class sponsored a Spring Fling Dance on March 19 (pictured below).

We asked Mr. Price what its like teaching the Bio Med class." It was nice being able to change what I teach. I had been teaching Chemistry for years. Don't get me wrong, I love chemistry. It is just nice to be able to make a change, both in curriculum and location in the school." As seen left, Mr. Price is able to do new and exciting labs, like this interactive crime scene investigation.

JROTC- Growing Leaders

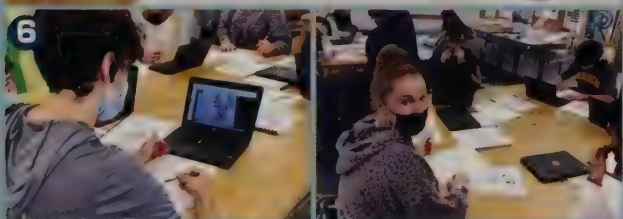

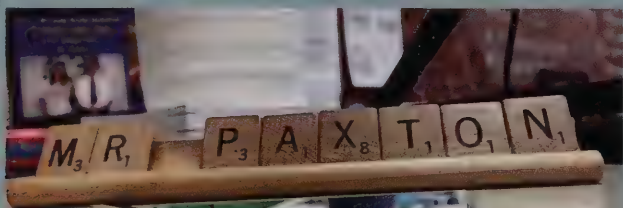

We asked cadets how JROTC is shaping them into leaders. Andrew Gillingham (10) said, "Don't aspire to be the best on the team but aspire to be the best for the team." John mura (10) replied, "JROTC is a good place to learn leadership, effective communication, and it's also a good place to start your career in the military."

Artists in Residence

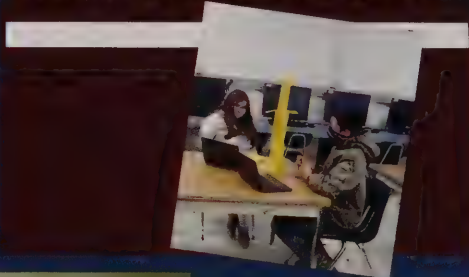

Mr. Paxton Guides Budding Artists

Mr. Paxton (2) has been ruling the art room for many years now, inspiring novice painters, sketch artists and sculptors. After Art I, many students move on to Art II, and eventually may choose to challenge themselves in AP Art. Senior Kayli Broadwater (2) is one such individual who took AP Art and won the Outstanding Art Award at this year's Arts Fair.

Building Knowledge

Construction takes place in various classes around the building. (Left) We see Theatre I students working to construct an improvisation scene. (Bottom Left) Olivia Stewart (12) works with her partner to construct the best paper tower. (Bottom Right) Mr. Beitzel directs his students at the stage on the building of a set for "Blithe Spirit".

English class is more fun in the sun, as seen here with Ms. Theriot's class getting fresh air and a fresh perspective.

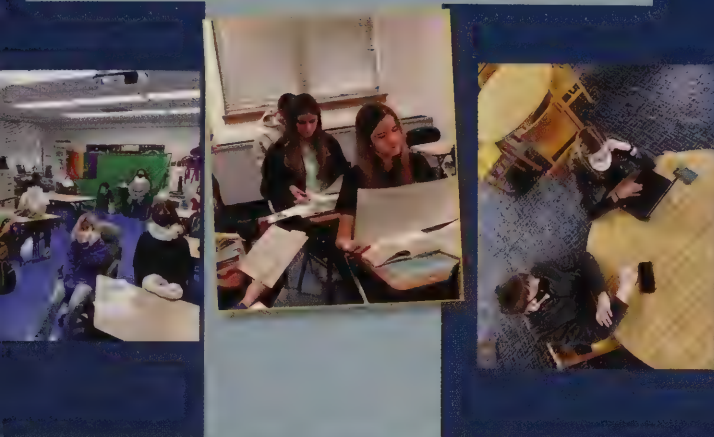

Time to Play

Playing in the classroom looks different in subject areas. Left we see students in Ms. Green's Piano I class focused on reading music and performing on their individual keyboards. Sometimes you need a little role playing to focus, as seen above by the AP Environmental Science class dressing up as characters from Dr. Seuss's "The Lorax".

Hands-on projects can look very different in various subjects, as seen below in Theatre, English, and one of the college courses offered through Garrett College.

ACTION IN THE CLASSROOM

Students are pictured above in one of our most hands-on classes, Carpentry. In this CTE pathway, students work throughout the year on various projects including building sheds, picnic tables, and sets for the school plays. Nathan Sivits (12) and Joseph Paugh (10) are seen here working on a project in the barn. This is one of many examples of cross-curriculum learning.

Serving Up Some Science

Science at NHS has many faces. Above are some of the experimental moments from Ms. Glass's classroom. Students work to better understand chemical reactions. To the right we have pictures of Ag Science, where students gain hands-on experience including dissections, research, how to prepare a barn, and even how to chase goats!

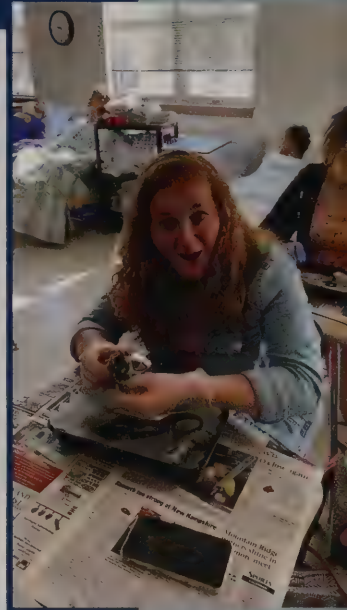

TIME TO LEARN ABOUT...

Changing the Game of Teaching

Teacher Spotlight-
Mr. Rizzo & Ms. Cortez
Mr. Nazelrod & Ms. Powell

Ms. Powell and her class dissected cow eye balls. They got to learn hands-on about how the eye functions since a cow eye is very similar in function to a human eye. The class had a great time and got to learn in a hands-on experience. Lexi Wright (10), (left).

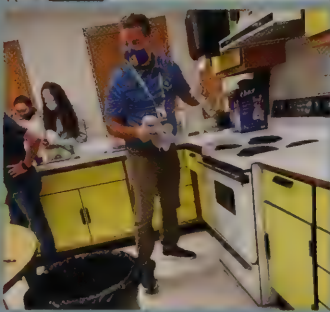

A Taste of Learning

Sophomores Allisan Brown and Skyler Wilkins (pictured right) loved the various new foods that they were able to try in Mr. Rizzo's Health class.

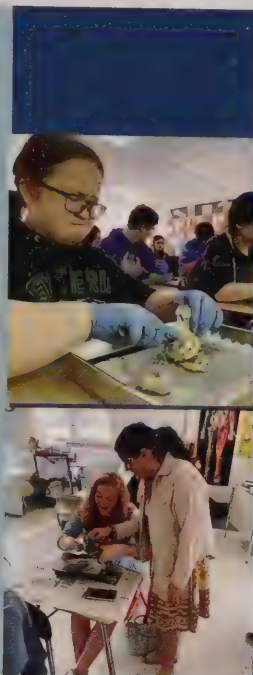

Cooking With Class

To teach life skills while demonstrating healthy eating habits, Mr. Rizzo spent several class periods utilizing the old Home Economics classroom to teach his students how to cook various healthy meals. He would do taste tests with the students, exposing them to new foods. Students appreciated the hands-on activities and who doesn't like free food!

Eye Opening Experiences!

Students were very interested in the one difference between a cow and a human eye. It is a small part in the back of the eye that reflects light at night. It is called the "tapetum". Humans do not have this part of the eye because we can't see after dark.

Dropping Some Eggs

Nazelrod's science class enjoys getting out of the classroom to partake in experiments. On this particular day they were found in the stairwell forming their egg drop, testing out their parachutes to see who could safely land their egg on the bottom without a crack.

3 Kings Visit NHS

Holiday Joy in Spanish Class

To give students a better understanding of how the Christmas holiday is celebrated in South America, Ms. Cortez planned a Three Kings Day (Día de Los Reyes) celebration for her class. Following the traditions of the day, on January 6th, students left their shoes outside the classroom door in the hopes that the Three Wise Men would leave them treats. And low and behold, the Wise Men delivered!

Ms. Cortez is known for her interactive lessons that put students in the midst of authentic cultural experiences. From celebrating Día de Los Muertos with an ofrenda, to teaching students how to make tortillas from scratch, Ms. Cortez ensures that her students understand the importance of experiencing and embracing other cultures.

Coach Notes

The Varsity baseball team had a surprisingly good season. At 3 and 6. After losing 6 of 9 starters from last year's team. Through the guys did a good job. It was a struggle with all the rain and snow during the season but the boys hung in there and did what they had to do.

The JV baseball team had an outstanding season going 10 and 1. The boys worked really hard and the future looks good for the baseball team the next few years!

Varsity Baseball held a game in memory of Donna Carr. Northern Senior, Joe Weimer and Super Hero, Blake Beitzel threw out the first pitches. All the fans, whether wearing blue or red are behind you and pray for continued healing and strength for you both. It was a tough loss for varsity baseball last night against Southern. They battled back from being down 6-0 to make it a close one, but ended up losing 10-9 in the end.

Season Recap from Coach Miller

The 2022 Softball record was 5-12. JV softball was 0-4. The season started tough because of having no returning pitcher. But the girls worked really hard and overcame that obstacle with great defense and great senior leaders. Seniors Emily Dursi and Kylee Barnes not only took on the captain role, but they also lead by example. Shortstop Emily Dursi batted a .483 and Center Fielder Kylee Barnes batted a .573. I didn't get to play many games because other schools did not have enough players to field a team. But they worked hard all season and showed great improvement.

Tennis TIME

This was a great year for tennis at NHS, having some really strong matches and showing a lot of improvement by the end of the season. One highlight of the season was Finn Roche and Brayden Miller and their win in the Boys Doubles Region-Semi Finals against the Nazelrod Brothers of Southern High, winning in a third set tie breaker. This win allowed them to advance to the region final against Allegheny.

Season Recap by Coach Hawkins

Boys team finished 8th at the state meet. The girls were 12th, and two state champions on the boys side: Ashton Sober in the 800 meter run, and the relay team of DeVante Ross, Derek Bittinger, Ashton Sober, and Eithyn Peck in the 4x400 meter relay.

Team broke 7 school records during the season on both the girls and boys teams:

Arrisyn Amtower, Sophia Brown, Lydia Nelson, and Minka Amtower in the Distance Medley Relay.

Sophia Brown, Arrisyn Amtower, Emma Hostetler, and Lydia Nelson in the 4x800 meter relay.

Lydia Nelson broke the record in the 1600 meter run and the 800 meter run.

Sophia Brown then broke Lydia's new 800 record at the end of the season.

Derek Bittinger broke the long jump record.

Ashton Sober broke the 800 meter run record.

DeVante Ross, Derek Bittinger, Eithyn Peck, Ashton Sober broke records in the 4x400 meter relay.

The character of Lady Hyacinth was extremely comical, as Monty attempted to kill her multiple times through her philanthropic work abroad.

Monty found himself in a love triangle between the perfect Phoebe, played by alumni Kassidy Andris & temptress Sibella, played by alumni Kaitlyn Humphrey.

Lord Adalbert, the oldest of the D'Ysquith characters sings about his inability to understand the poor.

Why Did All The D'Squith's Die?

In our 2022 spring play "A Gentleman's Guide to Love and Murder" Monty D'Ysquith Navarro decides to take fate into his own hands, killing off relative after relative until he can take the position of 9th Earl of Highhurst.

A Comedy About Murder

This musical may have involved a lot of murder, but it was hilarious! With Monty trying his best to maintain two relationships while 'taking care' of several members of his family, the audience found themselves laughing from curtain up to curtain down. And the joke was on Monty when he finally got arrested for one of the only murders he did NOT commit!

The Many Roles of the D'Ysquith Family Juniors Samantha Mager & Avery Sevigny took on the difficult role of the D'Ysquith Family.

Back to Finish What They Started

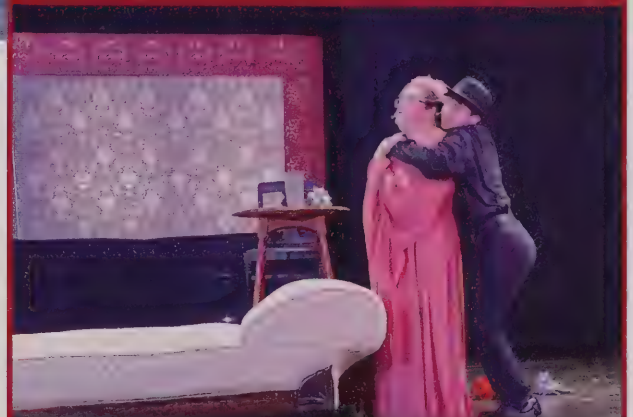

Original cast members from the 2020 cancelled production of "Gentleman's Guide" came back to perform in a full fledge production of this hilarious musical. After being three weeks away from performing in 2020, Kaitlyn Humphrey, TJ Kelly, and Coltan Cervi were able to take to the NHS stage once more. Kaitlyn reprises her lead role as Sibella, while Coltan took on the new role as Man 1 and TJ dominated in the starring roll of Monty Navarro. Former NHS thespian Kassidy Andris joined the cast to round out the alumni team in the lead role of Phoebe.

Business on the Move

Students were out and about this month, making a difference and learning about future careers. 1. Students from the class of 2023 held a pancake dinner to benefit classmate Laura Miller. 2. FBLA members attended the Power of Possibilities conference at Garrett College. 3. Team GaCo was celebrated as they arrived home after winning the big prize, the chairman's award, at Worlds!

We had a lot of excitement in the barn this month, as Panny gave birth to twins, Nicky and Lime. The new quails are a great addition to the barn and the Ap students are having a lot of fun learning how to help care for the newborns. (4-7)

Relay For Life

This year's county wide Relay for Life featured a student team from NHS lead by Ava Rankin (2). The event also featured our JROTC color guard and musical duo Caleb & Carl Zimmerman (1). The theme of this year's event, Anchored in Hope, featured a sign (3) created by Mr. Paxton. The event, which is in it's 24th year, featured 9 teams and 52 team members working towards a cure.

Working for a Living

The poll on the right concludes that most NHS students start their first job in 9th grade. We spoke with some students about their job experiences.

Mary Winebrenner, (11) works at Arby's. We asked her why she starting working there she said for the money.

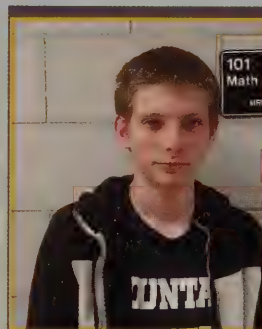

Brandon Fontaine, (11) began working at the Casselman Inn at the suggestion of his grandmother and because he needed the money.

We asked Brenden Parry, (11) about working at Brenda's Pizzeria. He says what he likes about his job is it earns him money.

Give Me That Money!

At what grade do NHS students start their first job? Out of 129 students, we found out that...

Whyatt Lapp (11) was asked about working at the Mountain State Brewing Co. He said he LOVES his job and he thinks it is really fun working there.

Seven Stafford (11) works at Weis Market. When asked why he is working there, we received another popular answer- "The money!"

Kelli VanScheetz (9) works at the Wisp. We ask her why she works there and she said "Because of the money and it is pretty easy."

SENIORS THAT EXCEL

Working harder than the rest towards success!

Ava Rankin

Ava has been a leader at NHS since her sophomore year when she became the representative for her class in Student Council. She then became the treasurer for Student Council, and later the president. Ava also began the Rotary Interact Club with Jacki Jacobs and later served as its treasure. To give back to the community, Ava began her own Relay For Life team her senior year. Apart from student organizations, Ava was a leader on the soccer field and challenged herself in the classroom. When asked why she was interested in being a student leader, Ava said that during COVID she participated in the HOBBY vms conference. She stated that the conference "taught me a lot of good leadership skills and showed me that I did want to be leader in the school." Ava feels that she has made her biggest impact through Student Council, and said her fondest high school memory was winning the state championship for Unified Bocce her freshman year.

Kayli Broadwater

As a leading visual artist at NHS, Kayli is a very focused individual. Kayli took art classes all of her four years of high school. Kayli enjoys mixed media art but said if she had to choose, "acrylic painting" would be her favorite. Kayli's favorite art piece that she created is her "Let It Fly" (top left). This piece was selected to be a part of the Spring First Lady's Exhibition in Baltimore. Kayli was very proud of this accomplishment, stating "I feel like arts isn't really recognized as much as sports." Kayli will be going into criminology. She said that she will continue art as a hobby and thought it could be cool to become a sketch artist one day, combining her hobby and career.

Mitchell Wilburn

Mitchell Wilburn has been a leading force in our Northern JROTC throughout his high school career. Mitchell demonstrated his leadership skills and dedication to other cadets as he lead them in Raiders competitions and in the classroom. Mitchell will continue to hone his leadership skills while serving his country in the Air Force. Thank you for your future service Mitchell!

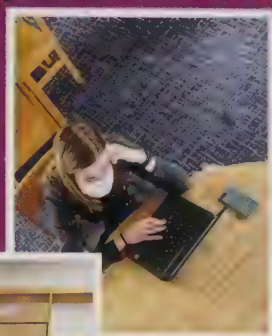

SENIORS THAT EXCEL

Working harder than the rest towards success!

Jasmine Beitzel

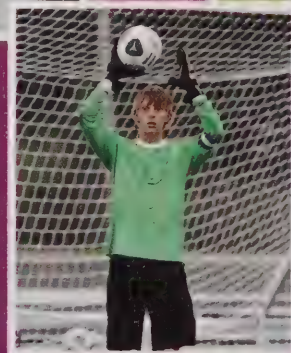

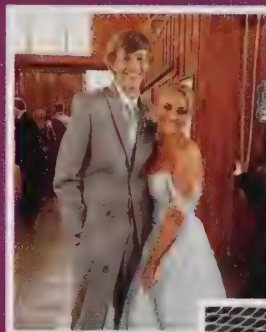

We sat down with Jasmine Beitzel to discuss what makes her so successful in academics. She explained that a mixture of encouragement and support from loved ones around her helped her excel in academics. She then talked about how the Allied Health course has been her all-time favorite class.

Although Allied Health is her favorite class, it can be relatively challenging for her. "The most stressful thing for me in academics would probably be trying to remember all of the NA skills." Luckily for Jasmine, she passed her CNA exam. Look at her go! She later explained her plans after high school. "I plan to go to Garrett College for one year, then transfer to Allegany for nursing."

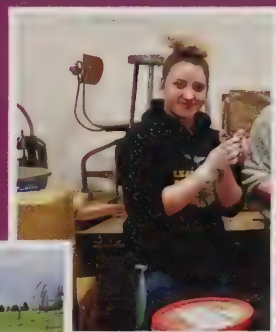

Tyler Yoder

Along with being an incredible student, Tyler Yoder is also an amazing athlete. Tyler participates in soccer, cross country, basketball, and baseball. He is always trying to make practices fun for others and is a true role model. Tyler's bubbly personality is truly something special. After high school, Tyler plans on going to Garrett College for two years and then finishing out at Frostburg state for a degree in business.

Alexandra Crayton

We talked to Alex Crayton about her experience in agriculture. We asked her why she chose to take agriculture classes and she said "I have always had a profound love for animals". Alex has gained a lot of leadership skills from FFA and had an amazing time. Her favorite class she took was mechanical agriculture. She intends to go to nursing school but continue with Ag as well.

Life after High School

When asked about future plans, senior Breanna Olinzock replied, "I'm going to get an associate degree at Garrett College, then go to WVU to become a radiologist."

Haylee Jones sat down with senior Cobey McKenzie to talk about his future plans.

What will you miss most whenever you get out of Northern High?
- All of my Friends

What was your most memorable experience at NHS?
Carpentry

What are you planning on doing after high school?
Truck driving because my uncle does it and I really like going with him.

We wish you luck on the road Cobey!

Senior Zane Snyder had this to say regarding his future plans,

"After high school I plan to go to college to be a DNR. I feel that they have a lot of authority and it would be kind of fun."

Where Do We Go From Here...

Out of the 70 seniors polled on their future plans after graduation, 36% of graduates will be taking advantage of the free tuition at Garrett College next year. 16% of graduates are ready for the world and will be entering the workforce immediately after graduation! Several others will be attending various colleges in the tri-state area including WVU and Frostburg State. We also have a few graduates going to technical colleges and into the military. No matter what, these seniors have their eyes on the future and they are not looking back!

Pictured above are seniors at the Senior Awards Ceremony on May 18 that earned the Work Ethic Diploma, ensuring their ability to obtain work in Garrett County should they choose to remain close to home.
